Meta Description: *Discover if the BRC 500 2-Stroke MTN.TOP Snowbike Kit suits your winter riding needs. Explore features, performance, and kit details today.*

The BRC 500 "2 Stroke" MTN.TOP Snowbike Kit is a high-performance snow motorbike conversion designed for riders seeking unparalleled power, precision, and versatility in winter terrain. Crafted by Snowbike Nation, this kit transforms your full-size dirt bike into a formidable snow machine, ready to conquer the backcountry with confidence.

Why Choose the BRC 500 MTN.TOP Snowbike Kit?

This kit is engineered for enthusiasts who demand top-tier performance and handling in snowy conditions. Whether you're navigating deep powder or tackling challenging trails, the BRC 500 MTN.TOP Snowbike Kit offers:

- **Enhanced Traction**: The 3.25-inch lug height and 4-paddle design ensure maximum grip on various snow surfaces.
- **Superior Suspension**: FOX Coil-Over QS3 shocks provide adjustable damping, accommodating different riding styles and conditions.
- **Durability**: The machined aluminum frame with a hard-anodized finish resists snow buildup and corrosion.
- **Universal Fitment**: Designed to fit all full-size dirt bikes without the need for additional parts.

What's Included in the Kit?

The BRC 500 MTN.TOP Snowbike Kit comprises:

- **Track System**: 126" long, 12" wide, 3.25" lug height, 3.5" pitch, 4-paddle design.
- **Suspension**: FOX Coil-Over QS3 internal bypass shocks with preload adjustability.
- **Ski**: Live Keel Ski with tri-keel design; standard 11.25" width, optional 9.25" width.
- **Spindle**: Improved geometry for 2025, universal fitment.
- **Frame**: Machined aluminum with black type-3 hard-anodized finish.
- **Drive System**: Lightweight design with dual NTN drive bearings and covered brake system.
- **Brake System**: Hayes DOMINION hydraulic mountain bike disc brake system, pre-bled.

Who Needs This Kit?

The BRC 500 MTN.TOP Snowbike Kit is ideal for:

- **Backcountry Riders**: Seeking a powerful and agile snow motorbike for off-trail adventures.

- **Trail Enthusiasts**: Looking for a reliable kit that offers superior control and stability.

- **Custom Builders**: Wanting to upgrade their existing dirt bike with a premium snow conversion kit.

Key Features & Benefits

1. **3.25" Lug Height & 4-Paddle Track:** The track features a 3.25-inch lug height and a 4-paddle design. This provides maximum traction and stability across various snow surfaces.

2. **FOX QS3 Shocks**
   The FOX QS3 shocks offer adjustable damping to suit different riding conditions. Riders can fine-tune the suspension for optimal control and comfort.

3. **Machined Aluminum Frame:** The frame is crafted from lightweight machined aluminum with a durable finish. It resists snow buildup and corrosion, ensuring long-lasting performance.

4. **Universal Fitment:** This kit is designed to fit all full-size dirt bikes without the need for additional parts. It simplifies installation and works with a wide range of bike models.

5. **Hayes DOMINION Brake System:** The Hayes DOMINION hydraulic brake system delivers reliable stopping power. It ensures safety and precise control even on slippery snow surfaces.

Who Benefits Most?

Riders who demand high performance, durability, and versatility in their snow motorbike will find the BRC 500 MTN.TOP Snowbike Kit to be an invaluable addition. Its design caters to various riding styles and conditions, making it a top choice for serious snowbike enthusiasts.

Frequently Asked Questions

Q1: Will this kit fit my 2024 KTM 450?

Yes, the BRC 500 MTN.TOP Snowbike Kit is designed to fit all full-size dirt bikes, including the 2024 KTM 450, without the need for additional parts.

Q2: Is the installation process complex?

The kit comes with detailed installation instructions. However, professional installation is recommended for optimal performance and safety.

Q3: How does the FOX QS3 suspension work?

The FOX QS3 shocks offer three damping positions (soft to stiff) and preload adjustability, allowing you to tailor the suspension to your riding style and terrain.

Q4: Can I use this kit for both trail and backcountry riding?

Absolutely. The BRC 500 MTN.TOP Snowbike Kit is versatile and performs excellently in both trail and backcountry conditions.

Q5: What maintenance is required for the brake system?

The Hayes DOMINION hydraulic brake system is pre-bled and designed for minimal maintenance. Regular checks and occasional pad replacement are recommended.
